the Weather, Animals

"EVERYWHERE MEANS SOMETHING TO SOMEONE. YOU DON'T HAVE TO OWN IT,
OR EVEN SEE IT EVERY DAY, FOR A PLACE AND ITS STORIES TO BE IMPORTANT TO YOU!"

Maps communicate and help us understand places. Maps can tell us stories. Maps can show us how things have changed over time. This is your map so be as imaginative as you want, play with pattern, colour, scale, words and pictures.

At home, discover different types of maps. Make your own collection. Share your map with us by emailing learning@ysp.org.uk and every month we'll choose our favourite for your chance to win a family goody bag!

Let us know in your email if you're happy for us to share the map on social media.
Competition closes 2 September 2018
